CAREER OBJECTIVE

Aspiring cybersecurity professional seeking an entry-level Ethical Hacker role to apply strong fundamentals in networking, Linux, and security concepts. To build a career as a Vulnerability Assessment and Web Application Penetration Testing professional by identifying security weaknesses and strengthening organizational defenses.

TECHNICAL SKILLS

1. Perform regular vulnerability scans using tools like Nmap, Nessus, and to identify security weaknesses in networks, systems, and web applications.
2. Conducted web application penetration tests using Burp Suite to identify and exploit vulnerabilities such as SQL injection, XSS, and authentication flaws, reducing security risks.
3. Utilized Metasploit Framework to develop and execute proof-of-concept exploits, validating remediation effectiveness for critical vulnerabilities.
4. Conduct manual and automated testing of web applications based on OWASP Top 10 to identify vulnerabilities such as SQL Injection, XSS, CSRF, IDOR, and authentication flaws.
5. Stay updated with latest vulnerabilities, attack techniques, CVEs, and security tools to improve testing effectiveness.

TOOLS

- Recon & Enumeration: Subfinder, Amass, the Harvester, recon -ng
- Scanning & Fuzzing: Nmap, httpx, ffuf
- Vulnerability Assessment: Nuclei, Nikto
- Manual Testing: Burp Suite, OWASP ZAP
- Exploitation: SQLmap
- API Testing: Postman

EDUCATION

- 2023 – 2025

Master in Computer Applications (MCA) — Roland Institute of Technology, Odisha CGPA: 8.2

- 2019 - 2023

Bachelor of Science (BSc) — Chikiti Mahavidyalaya, Berhampur University, CGPA:7.2

CERTIFICATION

1. **CEH (Certified Ethical Hacker) v13 by EC Council.**
2. **Ethical Hacker Intern in ER Segment Pvt Ltd, Hyderabad, Telangana**
3. National Programme on Technology Enhanced Learning (NPTEL)
 - The joy of computing using python
 - Cloud Computing.
 - Internet of Things.

ACHIEVEMENTS

1. Performed vulnerability assessments on web applications in controlled lab Environments.
2. Completed 50+ hours of practical penetration testing labs.
3. Familiar with OWASP Top 10, reconnaissance, enumeration, and exploitation techniques.
4. Hands-on experience with Linux, Kali Linux, Burp Suite, Nmap, and Wireshark.

PERSONAL DETAILS

Date of Birth: 31 March 2002

Languages: English, Hindi, Odia

DECLARATION

I hereby declare that the above information is true and correct to the best of my knowledge.
